WASHINGTONVILLE LOCAL GLEANINGS

By Peter M. Herold.

The Motorcycle Race.
The Cleveland to Pittsburgh motor cycle race brought a full attendance along Main street Saturday afternoon. Wherever records were being kept and watches were noting time the crowds congregated most. The time given below was marked from Dr. E. A. Conrad's watch and at his automobile, stationed near the residences of Henry Getz and W. E. Rolter.

The first eight machines to pass here were to have been phoned to Pittsburgh, but the Bell phone was out of commission and had to be telegraphed. A. L. Taylor guarded the Erie crossing with a red flag to prevent accidents and the entire village did itself credit by not being in the way of speeders.

Forty-two machines left Cleveland at 11:30 and the first to reach here was No. 20, driven by Raymond Ray of Cleveland, a Flying Merkel machine, at 2 o'clock, being 15 minutes from Salem. By this time the crowd was on the tip of anxiety.

The next in order with their time of arrival here were No. 23 at 2:30, H. H. Huntsburg of Cleveland on a Reading Standard, which was later thrown over the fence into a cornfield at East Palestine.

No. 11 at 2:05, Harry D. Immel of Pittsburgh on a Harley Davidson (which took the cup), and No. 40 at 2:08, E. C. Gammett of Akron on an Indian, which had the largest number of entries in the race, 19 in all. The Reading Standard and the Harley Davidson seem to be favorites with the speeders.

At 2:45 the official car, a large Premier six-cylinder auto, arrived here and sped after those who had preceded it. The car was driven by C. H. Martin, his wife accompanying him. This was an emergency car in case of accident to one of the speeders.

Following the arrival of the first four machines, which had refilled their oil and gasoline tanks at Salem, the others followed so irregularly that it was difficult to learn more than their numbers and time of arrival; there being 29 arrivals here out of the 42 which left Cleveland on their 135 mile spin from Cleveland to Pittsburgh. Their numbers were fastened upon their right arms and upon their backs, so that they were plainly in view. The numbers and time of arrival here are given below.

1st, No. 20, at 2 p. m., No. 23 at 2:03, No. 11 at 2:05, No. 40 at 2:08, No. 16 at 2:14, No. 1 at 2:15, No. 42 at 2:16, No. 9 at 2:17, No. 2 at 2:18, No. 22 at 2:23, No. 17 at 2:24, No. 4 at 2:30, No. 5 at 2:30, No. 28 at 2:34, No. 41 at 2:36, No. 8 at 2:41, No. 21 at 2:46, No. 10 at 2:54, No. 7 at 2:59, No. 15 at 3:03, No. 27 at 3:09, No. 26 at 3:09, No. 39 at 3:24, No. 31 at 3:37, No. 14 at 4, No. 26 at 4:01, No. 32 at 4:06, No. 28 at 4:48.

No. 11 covered the entire course in 4 hours, 45 minutes and 28 seconds. No. 2 struck a rut at the east end bridge and the rider dismounted. No. 25 was badly disabled by a loosened clutch, and had to return for repairs.

No. 32, the rider stopped at the corner pump for a drink of water. No. 23 was thrown over the fence at East Palestine, but continued in the race.

It was a well-contested race and a big crowd was gathered at the finishing line. The following are some of those who finished and their official time:

First, No. 11—Harry D. Immel, Pittsburgh, Time 4:48.28.
Second, No. 40—E. C. Gammett, Akron, Time 4:46.12.
Third, No. 20—Raymond Ray, Cleveland, Time 4:52.
